

RON AND BRENDA ANDERSON FAMILY

Ron and Brenda Anderson have been serving the Lord with European Christian Mission International since 1978.

Ron is director for all the ministry on the 19 fields of Europe. He travels and works together with an International Director, the sending section leaders, the training officer, and member care coordinator for the mission. His greatest motivation in his work is when he is able to impart vision and build up a missionary or a team of missionaries.

Ron is also the deacon of missions in the Cristo Vive Church in Madrid. He is also discipling 2 men, one from Syria and one from Iran and they are both involved in a local cell group to help plant a church in their area of Madrid. Pray for all these important roles to be effective in accomplishing all that God desires to do through and in him.

Along with helping Ron in a supportive role, Brenda is the Member Care Coordinator for the 160+ missionaries in Europe for ECMI. This is a big task, and with her counseling training and 30 years of missionary experience, she has something to bring to the table, but she needs your prayers. She has a team of field leaders and a few professional psychologists and psychiatrists to work with her, and is hoping to raise up about 15 member care people to actually visit the individual missionaries and their families and keep close contact with them.

Brenda also works as a volunteer in a federal prison in Madrid. She participates in a church service every Friday.

Mark lives at home, and is currently in St. Louis University Madrid Campus, studying international business. He is 19. They ask prayer for him to fall deeply in love with Jesus and to seek God's plan for his life. Their daughters, Rachel and Jenny are married. Rachel and her husband, BJ, are preparing to return to Spain to do pioneer church planting with European Christian Mission, International. Jenny and her husband, Phil, are supporting pioneer church plants in Romania and Spain.
