

## BETSY WAMBACH

Betsy began serving with SEND International in 1986. She served in Spain for 11 years and is currently serving in the U.S. Personnel Department working with new missionaries in placement and training.

Some of the projects she is involved in on a regular basis are assessment weekends, Explorer Track and handles Preliminary Questionnaires. All of these projects involve working with people before they are appointed as missionaries. For many of these people, she starts with the whole idea of whether God is calling them to be missionaries and if they and their family are cut out for the life of a missionary. She then works with them as to where would be a good fit for them - what country, etc. She then gets them into the application process.

She also has a small involvement in the training aspect of preparing them for life overseas.

She also ministers to the college-age Missionary Kids by sending out care packages, birthday gifts and arranges air flights for them to return home to their parents. She also holds "pray days" for them at the U.S. office.

Betsy is available to come to your church for a missions event or to do a meeting or series of meetings on a variety of topics.
